**When completing the above, choose campsite 19 – and write “Troop 787” in the ‘Campsite Preference Comment’ section. Your scout will be assigned Campsite 19.**

**CAMPSITE SELECTION:**

Please select your campsite from the drop down menu below. If you are requesting a campsite not listed please select "Campsite 24/25" and type in your campsite number in comments. This will need to be done for our Provisional Campers, and those selecting adirondack campsites. Following your registration completion our Program Team will manually move you to the site requested if space allows, and you will receive an update. Winter Camp requires all units to bring personal/troop tents for standard campsites (canvases are taken down for off season). Thank you
